Agenda Items

1. Dress Code

- a. The school Board requested that all schools visit the district's dress code policy and discuss anything they would like to see changed.
- b. Appreciate that it feels gender neutral and vague in certain areas
 - i. Example was shared that if hats are not allowed, that should be for all students including the girls and their cute designer hats
 - ii. Another example was shared regarding shorts length or sleeveless shirts. This should be the same for all students regardless of gender or how the student identifies their gender
- c. Surprised there was not anything about tattoos or piercings
 - i. We explained that it goes back to how it talks about being distracting
 - ii. Question was asked if schools will be able to make their plans/policies more specific
 - iii. I explained that we would need to wait to see if the board approves this policy and then what their direction is regarding schools and their school specific plans. I also talked about the caution we need to take with veering off board policy as we may not be backed if it becomes a bigger problem or issue.
