

Sandy Elementary School Community Council March 18, 2015

- 1) Welcome
- 2) Review minutes from last meeting
- 3) Proposed Elementary Schedule for 2015-2016
- 4) Follow up: Is there a way to remind parents of the "No Parking Anytime" zone by the crosswalk on the north side of the school? The sub crossing guard had been parking there since we got back from Winter break. Even after politely mentioning to her that she was in a no parking zone, she continued to park there. Then parents, not paying attention to the signs, started following suit and parking behind her. I finally called the city last week and it seems that she has listened to her supervisor and chosen to park elsewhere. Some parents are still parking there out of habit. Not sure the best way to address it, but thought you would like to be aware.
- 5) SCC tradition: The Carnival
